The Learning Center is a free online resource for educators that offers a range of materials to accompany the Vocabulary Series books. It provides instructors with teaching guidelines, suggested syllabi, answer keys, and additional mastery tests for each chapter and unit. In addition to these resources, the Learning Center also features PowerPoints, assessments, and other study tools. For an extra fee, educators can access Vocabulary Plus, a comprehensive subscription-based word-building program that brings all the content of the vocabulary text to students' fingertips. Print supplements are available upon request through Townsend Press, while Independent Study (VPi) is a feature within Vocabulary Plus that assesses students and manages assignments automatically. The platform also includes digital versions of chapter activities from the printed books, as well as two bonus tests per chapter. Furthermore, Vocabulary Plus takes advantage of technical features unavailable to print books, such as enhanced items with pictures and audio links. The program also reinforces review words from previous chapters and provides additional support for SAT and GRE high-frequency words. Finally, educators can use Vocabulary Plus to set assignments, monitor individual progress, and view the exact items students have mastered or struggled with. Measures of Success in Education: Unlocking Student Potential through Comprehensive Progress Tracking A cutting-edge approach to education has emerged, allowing teachers to tailor instruction to the unique needs of each student. This innovative method involves assessing students' vocabulary levels individually, placing them into corresponding grade-level categories, and monitoring their progress as they advance chapters and skill levels. The system rewards students for achieving milestones such as earning high scores, completing chapters, mastering words, and advancing to a higher level. Badges are awarded to motivate students and track their achievements. To support educators in implementing this approach, supplementary materials have been developed: * **Placement Test**: A 100-item multiple-choice test that determines which vocabulary book would be most beneficial for each student. * **Instructor's Edition**: An answer key for teachers with a class adoption of 20 or more students. * **Combined Instructor's Manual and Test Bank**: A PDF containing teaching guidelines, suggested syllabi, answer keys, and additional mastery tests. The Learning Center is a digital platform that provides resources to accompany the Vocabulary Series. It includes PowerPoints, assessments, and other materials. The center also hosts Vocabulary Plus, a comprehensive subscription-based word-building program that brings all the content of our vocabulary text to students' fingertips. To obtain print supplements, educators can contact Townsend Press toll-free at (800) 772-6410, send a fax on school letterhead to 1-800-225-8894, or email Customer Service at cs@townsendpress.com. VPi provides students with valuable insights into their progress, featuring a Weekly Progress Summary that highlights average scores, mastered words, completed assignments, and time spent working. Teachers can access a Detailed Activity Feed for each student, showcasing assignments, work duration, and achieved scores. The platform also awards achievement badges to motivate students as they complete challenging tasks, achieve high scores, or master new words. Additionally, teachers can view Class Score Reports, which include initial assessment results, completed activities, chapters, and units, along with earned achievements and individual/class averages.
